10. Charging case charging contact

2. Charge

Fig. 2a

Remove all the tapes on the earbuds before charging.

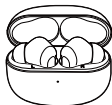

Fig. 2b

Put the earbuds into the charging case and close the top lid to start charging.

Fig. 2c

Plug the Type C cable into the USB-C charging socket of the charging case. The LED indicator flashes blue during charging the battery. It turns solid blue when charging is complete.

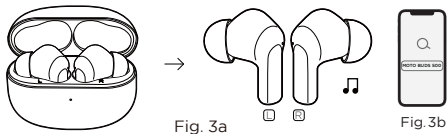

When you put the earbuds in the charging case, you will see one of the following scenarios:

LED status	Charging case closed	Charging case opened
Pulses blue	Earbuds are charging	-
Turns solid orange for 4s	Earbuds are fully charged	The battery level of earbuds > 95%
Pulses orange for 18s	The battery capacity is too low to charge the earbuds	-
Turns solid blue for 4s	-	The battery capacity is sufficient to fully charge the earbuds
Flashes blue for 4s	-	The battery capacity is not sufficient to fully charge the earbuds

3. On/Off/Pair

1. **Turn on earbuds:** Open the charging case top lid, the earbuds will turn on automatically.
2. **Turn off earbuds:** Put the earbuds into the charging case and close the top lid, the earbuds will be off automatically.

3. **Pairing: MOTO BUDS 500** supports Google fast pairing. Open the charging case top lid. For Motorola smartphone or Android phone with Android version 6.0 or above, simply confirm **MOTO BUDS 500** directly on your device screen. For other devices, select **MOTO BUDS 500** from the Bluetooth menu of your device. When pairing is successful, you will find a notification on your phone and hear a connected tone on the earbuds.

4. Fit and comfort

1. Choose the suitable earcap size.
2. Fit into the earbuds.

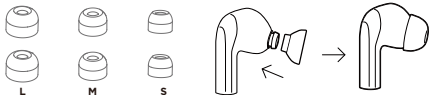

Fig. 4a

3. Insert the earbuds into ears and rotate to fit comfortably.
